Canadian Museum of History

Project Overview

The Canadian Museum of History (CMH), formerly named the Canadian Museum of Civilization, is located at 100 Laurier Street, Gatineau, Quebec. CMH is Canada’s national museum, welcoming approximately 1.2 million visitors per year and is most known for its permanent galleries and architecture. CMH consists of two interconnected buildings covering over 1 million square feet.

Scope of Work

Black & McDonald provided the Canadian Museum of History with a complete facility management program ensuring efficient and cost effective operations, maintenance, and repairs.
